

SIMPLE SOLUTION. BRIGHTER FUTURES.

Current Data Collection ▾

Data Restriction

Limited 2-month data load window

Data Error

Limited validations = reloading data dozens of times

Overloaded System

Frequent crashes during submission periods

Data Limited

Limited data returned to educators in timely, useful manner

Heavy Financial Burden

Processing data is expensive in time and resources

Introducing TSDS ▾

Data Freedom

All collections open from the first day of school

Cleaner Data

New simplified validation tool saves time = cleaner data sooner

Robust System

Improves system capacity, reduces technology risk

Data Power

One easy-to-use dashboard puts real-time student data in the hands of educators

studentGPS

Cost Efficient

Streamlined process saves time and money

TSDS will ▾

1. Modernize the PEIMS data collection process to reduce technology risk and system downtime, allowing for more system availability and ease of use.
2. Put real-time student performance data in the hands of educators to improve student achievement.
3. Become the one common data collection platform for TEA to reduce the data collection burden on districts and charter schools.

TEACHER'S VIEW

Each teacher can personalize the class view to see their most important and relevant data.

Search

Use this function to quickly jump to student pages located on every page for easy access.

Create or Add to Watch List

Select students to add to watch list. Name the new watch list or add to an existing list. The watch list appears under the Student List drop-down menu and can be easily edited or deleted in "Customize View."

DRILLING DOWN IN STUDENT DATA

The student view allows you to see overall performance as well as more detailed information on specific metrics.

Student Academic Dashboard

Select your student from the initial home screen to see an overview of their performance.

Student Information Tab

This tab includes parent contact information, program status and student details all in one screen.
