

Dear Kean Register and City of Bryan Leadership,

Bombers Baseball / Infinity Sports & Entertainment are making an official request for support from the City of Bryan during this global pandemic. The Bombers are asking to defer our 2020 annual rent payment to a future date (an extension of the lease by 1 year would be ideal.)

The Bombers experienced a revenue decrease of over 70% for the 2020 fiscal year, along with the Cavalry FC's season cancellation and their 90% decrease of revenues. As our community has faced Covid-19 challenges, the Bombers have been affected in several ways. First, by the decreased capacity for our games, second by the overall reduction of the number of games and lastly by the financial impact on our local community businesses during this time, which has led to many of them not being able to support their contractual obligations during this time due to hardship.

We understand that our request is outside the standard operating procedure of our agreement with the city and we appreciate the long-standing partnership, as we are committed to our community for the long run.

I'm hoping we can come up with a plan to help the Bombers through these challenging times for the 2020 payment.
