

Remote Pay System

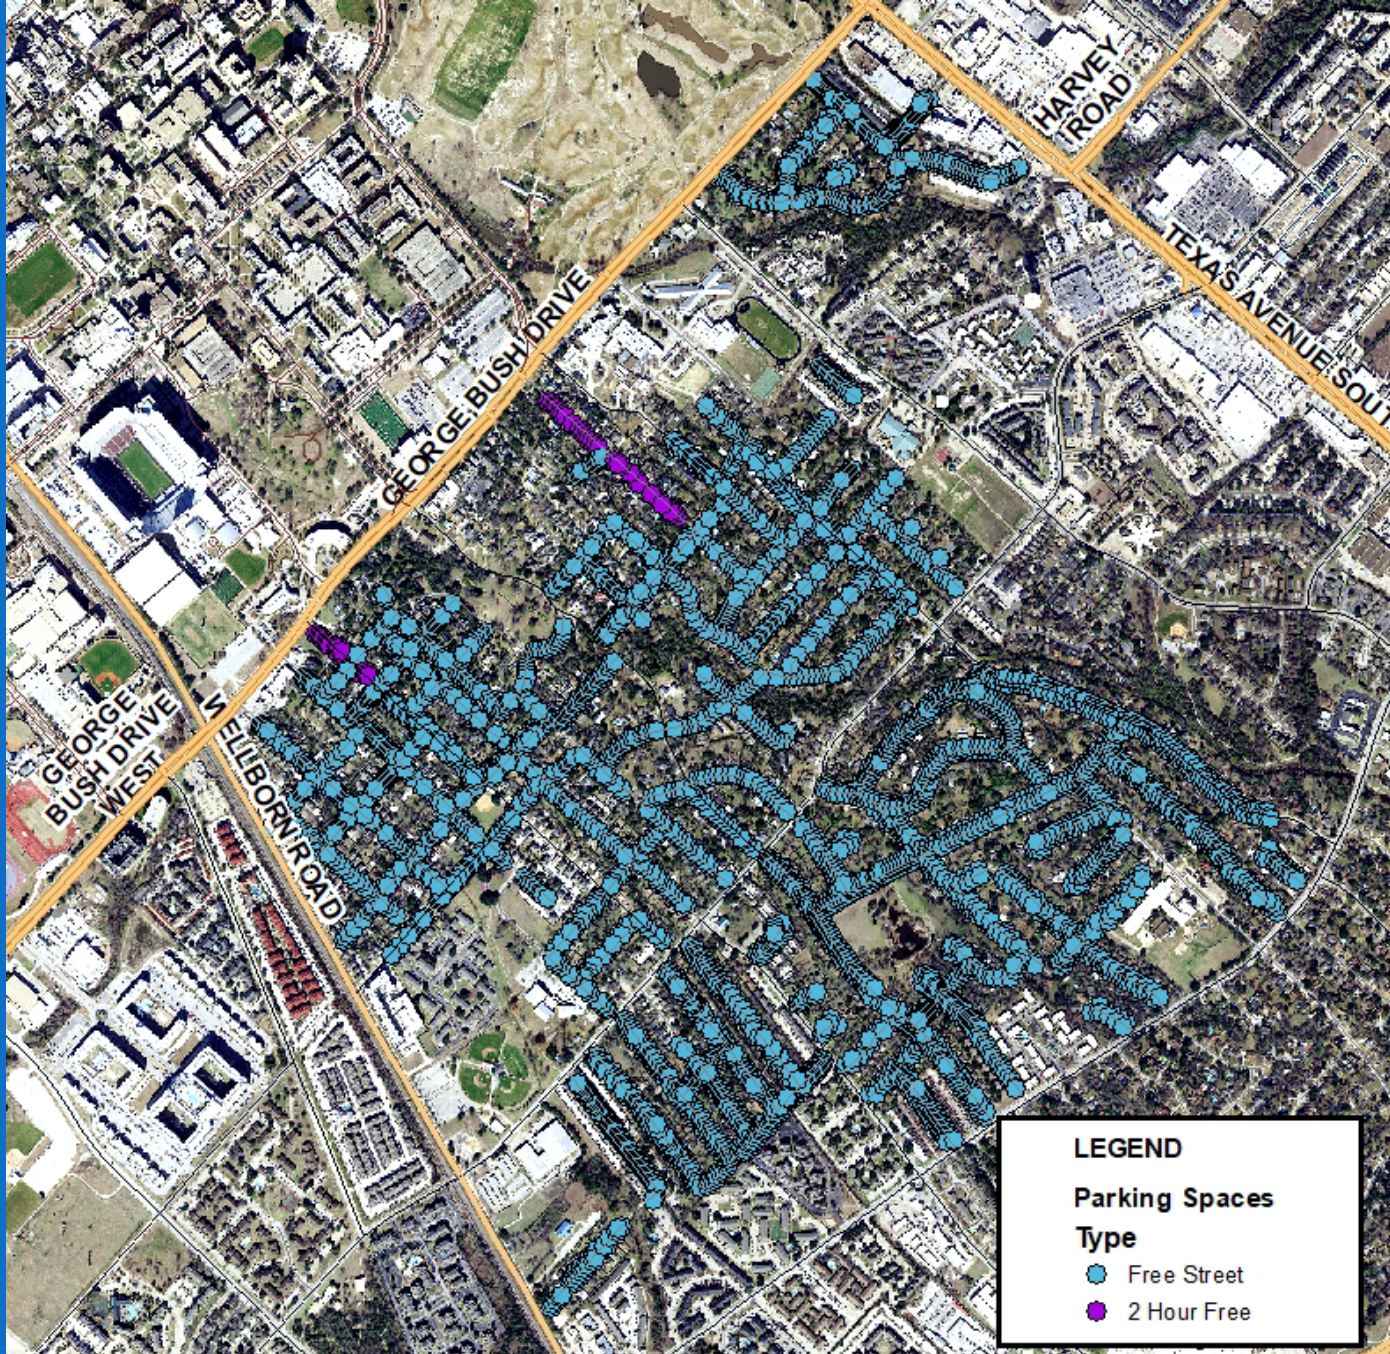

Workshop 7.2

August 26, 2021

Overview

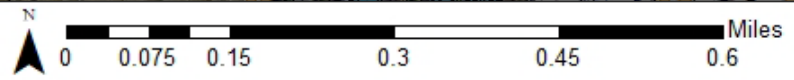

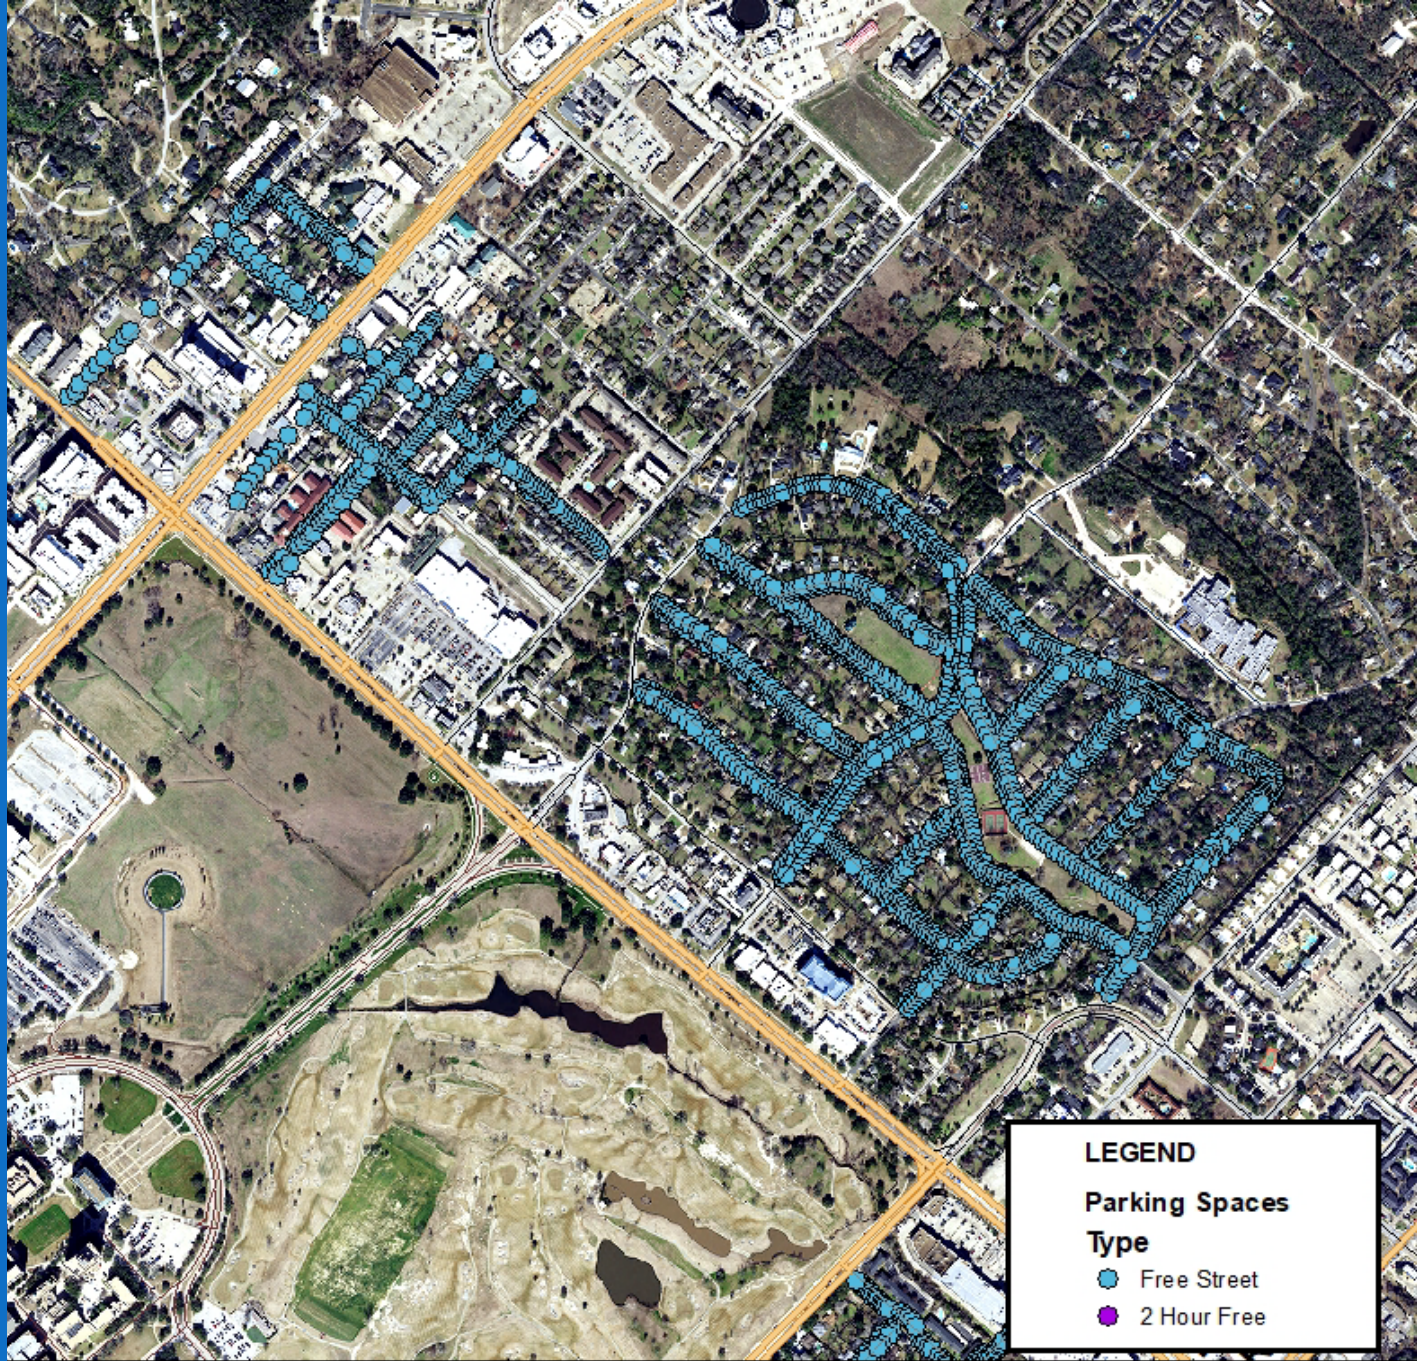

- Addressing on-street parking congestion in residential neighborhoods during major events
- Generate revenue to assist with covering City's game day operational costs
- Generate funds to be used for the benefit of the neighborhoods impacted by gameday
- Only where there is existing parking – this program will not create additional on-street parking
- Reminder that the street is a public facility and the space in front of a home is NOT controlled by the property owner/renter.

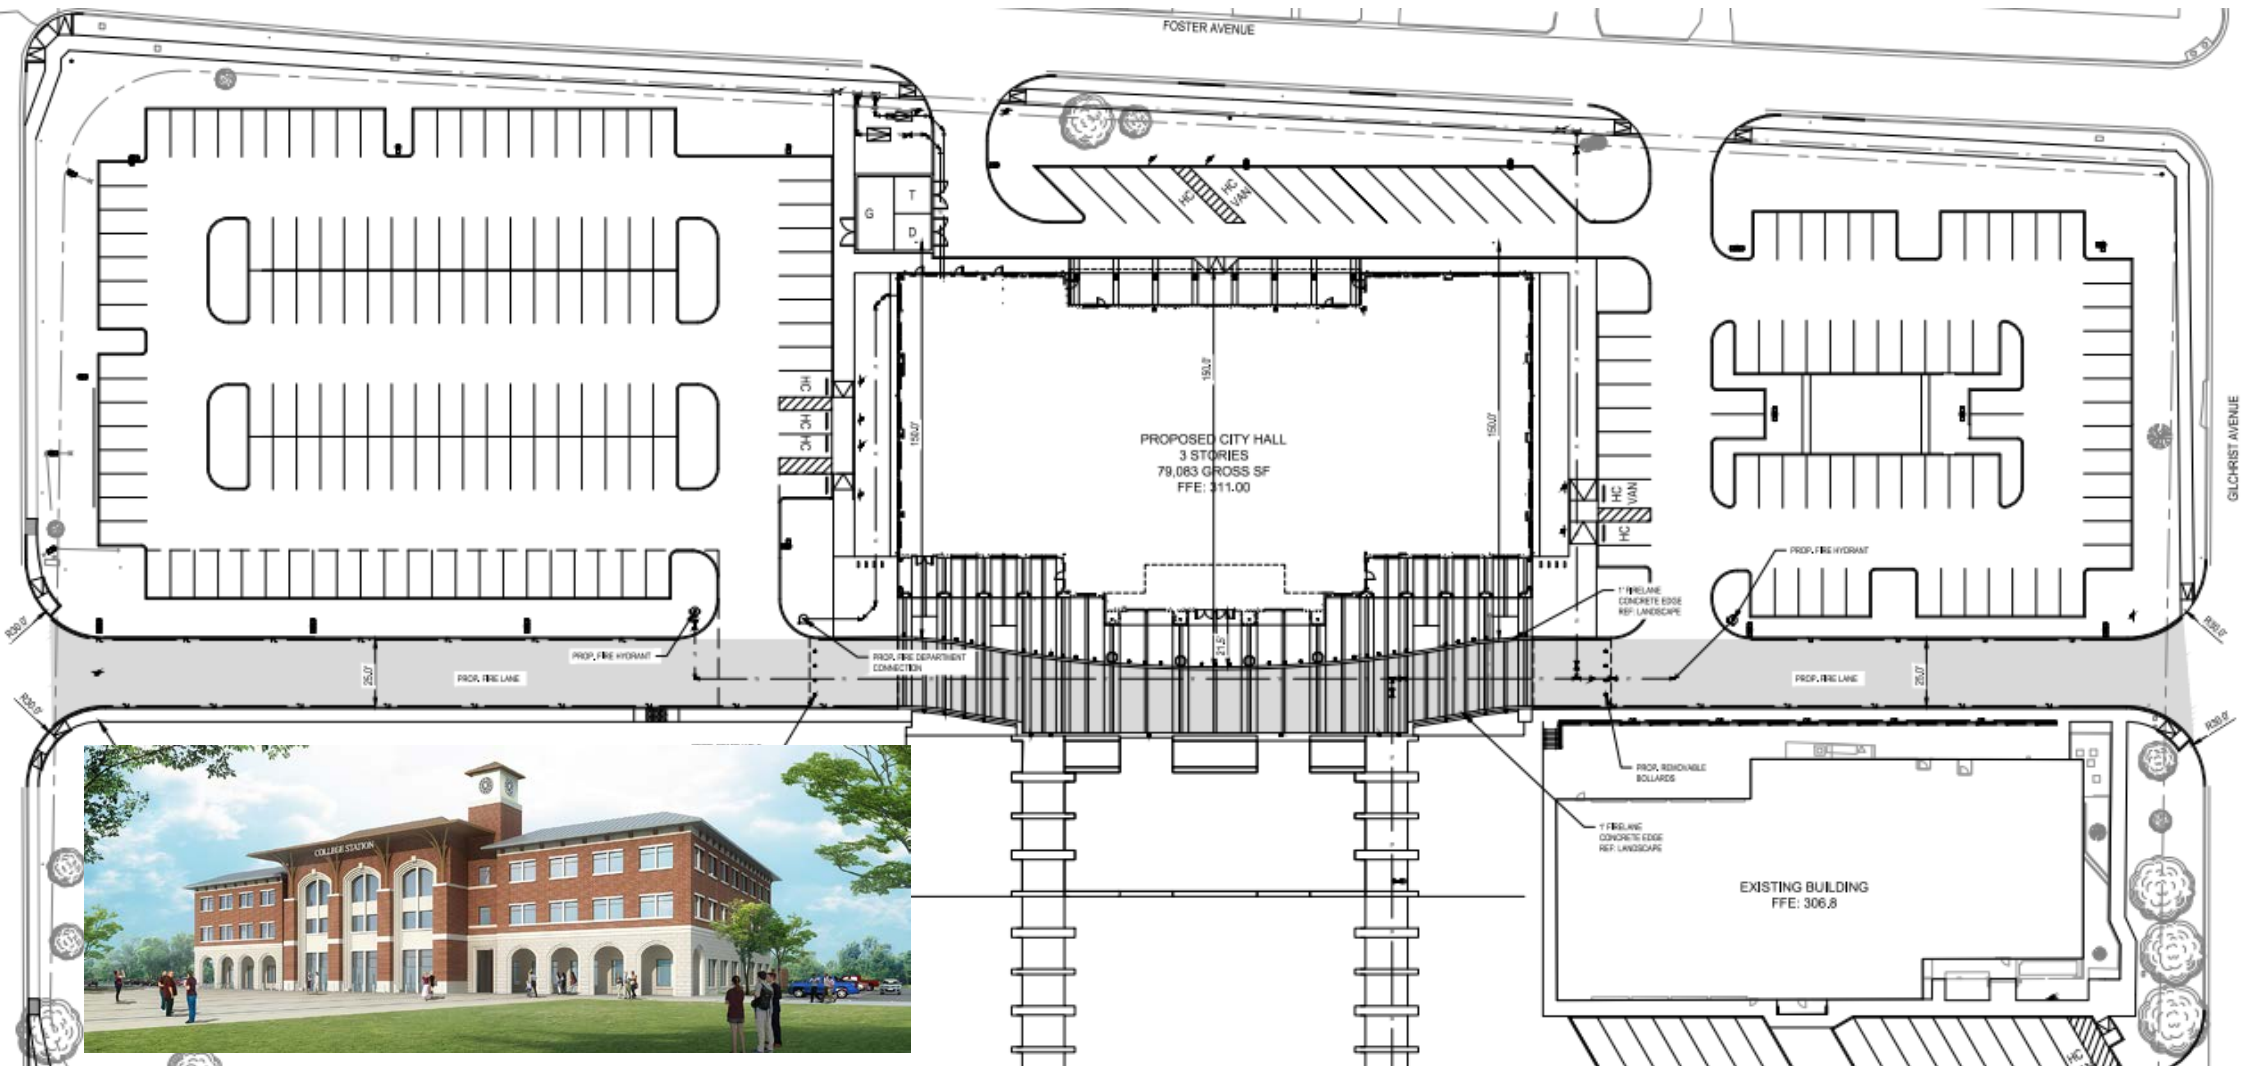

Southside and Redmond

Approximately 3,264 spaces

Eastgate

Approximately 1,564 spaces

City-Owned Parking Lots

City Hall – 202 Spaces

Public Engagement

- Survey available through Tuesday, August 24th at 8:00 a.m.

• Street Lighting: 80 or 31.4%	Transit Stop Improvements: 20 or 7.8%

Proposed Program

- Delay implementation for neighborhoods outside of Northgate
- Study gameday parking and traffic through 2021, continued public engagement, and further develop the proposed program
- Implement ParkMobile system in Northgate District
- Timeline: 30 – 60 Days
- Contract with ParkMobile – not to exceed \$75,000 for 3 years
