Good afternoon Mr. Greer,

Please use the description Ms. Anderson provided for the previous Commissioners Court agenda. The Eagle Newspaper legal notice is attached to ensure we are following Texas Department of Agriculture protocol as it relates to revising the Herbicide Regulations County Special Provisions.

**"Section 7.53 (f) of the Texas Herbicide Regulations County Special Provisions Herbicide Permit requirements revisions will be discussed and voted on at the upcoming Brazos County Commissioners Court meeting on November 16, 2021 at 10:00a.m. The meeting will be held in the Commissioners Court at the Brazos County Administration Building, 200 South Texas Avenue, Bryan, TX. 77803."**

**The revised Brazos County Special Provisions should be updated to read as follows:**

7.53 (f) BRAZOS. That portion of Brazos County lying east of the Brazos River and west of the following described line shall be regulated by the Act, Subchapter G and regulations adopted thereunder. The eastern boundary of the regulated area is as follows:

- (1)** beginning at the intersection of State Highway No. 6 and Old San Antonio Road (OSR), which point is the north boundary line of Brazos County; thence in a southerly direction along OSR to its intersection with Texas Highway 21; thence in a westerly direction along Texas Highway 21 to the Little Brazos River; thence in a southerly direction along the east bank of the Little Brazos River to its intersection with the Brazos River; thence in a southerly direction along the east bank of the Brazos River to Koppe Bridge Road; **commencing again at the railroad intersection on FM 159 in Allen Farm in a southerly direction along FM 159 to its intersection with State Highway 105.**
- ~~(2) Delete # 2, as there would no longer be any agricultural crop production requiring permit protection (it has been diverted into residential property uses).~~**

This is the final step in the Commissioners Courts requirements. I have attached a copy of the TDA Regulated County procedures for your use and edification. If the Court votes to adopt the revisions, a letter will be forwarded to TDA requesting the change be published in the Texas Register, after which it becomes effective. We appreciate your efforts to ensure this process is completed.

If you need add information, contact our office at your convenience.

**Subject:** Texas Herbicide Regulations for Brazos County

Good afternoon,

This is Colton Greer at the County Judges Office. I believe you all have been in direct contact with Marsha Anderson pertaining to the Texas Herbicide Regulations for Brazos County up until now. She is actually out of office for the next little bit, and I noticed that there was a placeholder on the 11/16 Court Agenda for your item. I was wondering if you had any sort of wordage for this item that I could get put in? Or if you could provide me with the general idea of what the item needed to do, I would be happy to work with you on writing that!

I will have to send the agenda out tomorrow morning, so having the wordage for this item by later this afternoon is desired.

Please let me know if you have any questions or if I can help in anyway at the moment.

I hope to hear from you soon,

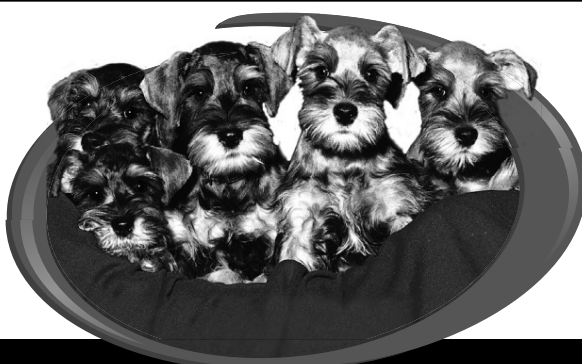

Colton Greer

### LEGAL NOTICES

**NOTICE OF APPLICATION OF ENTERGY TEXAS, INC. TO UPDATE ITS MARK TO MARKET RIDER CONSISTENT WITH THE COMMISSION'S ORDER IN DOCKET NO. 51095**

On November 1, 2021, Entergy Texas, Inc. ("ETI") filed an Application with Public Utility Commission of Texas ("Commission") for approval to update its Mark to Market ("MTM") Rider tariff consistent with the Commission's Order in Docket No. 51095. In Docket No. 51095, ETI sought and the Commission issued Order approving ETI's initial MTM Rider tariff to provide customers with the credits specified in the Accounting Order issued in Docket No. 50540. The Accounting Order in Docket No. 50540 established the regulatory accounting treatment applicable to the tax effects resulting from a MTM tax accounting method election ETI proposed to make and subsequently made with respect to its power purchase agreements (the "ETI MTM Tax Position"). In addition, the Commission approved a methodology by which ETI will provide to customers the benefits associated with the ETI MTM Tax Position. Under this methodology, ETI will provide to customers guaranteed credits associated with the ETI MTM Tax Position regardless of the final determination on that tax position by the taxing authorities. Moreover, to the extent the taxing authorities ultimately accept ETI's MTM Tax Position, the Company will provide additional credits to customers. In the instant proceeding, ETI seeks Commission approval to update its MTM Rider tariff, consistent with the process described therein, to provide credits to customers for year 2022 consistent with the terms of the Commission's Accounting Order. This filing was made pursuant to Sections 14.001, 14.151, 32.001, and 36.003 of the Texas Utilities Code.

**Effect on Customer Classes**  
 All of ETI's Texas retail customers will ultimately be affected if the Commission grants the relief requested in this Application in that such customers will receive credits in accordance with the methodology approved in the Commission's Accounting Order in Docket No. 50540.

**Contact Information**  
 Persons with questions or who want more information on this Application may contact Entergy Texas at Attn: Customer Service-ETI MTM Rider Tariff Update, 350 Pine Street, Beaumont, Texas 77701, email [tcrc@entergy.com](mailto:tcrc@entergy.com), or call 1-866-981-2602 during normal business hours. A complete copy of this application is available upon request.

The Commission has assigned Docket No. 52755 to the Application. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989. A deadline for intervention will be established for this proceeding. All communications should refer to Docket No. 52755.

Due to the COVID-19 pandemic, the preferred method for you to file your request for intervention is electronically, and you will be required to serve the request on other parties by email. Therefore, please include your own email address on the intervention request. Instructions for electronic filing via the "PUC Filer" on the Commission's website can be found here: <https://interchange.puc.texas.gov/filer>. Instructions for using the PUC Filer are available at: [http://www.puc.texas.gov/industry/filings/New\\_PUC\\_Web\\_Filer\\_Presentation.pdf](http://www.puc.texas.gov/industry/filings/New_PUC_Web_Filer_Presentation.pdf). Once you obtain a tracking sheet associated with your filing from the PUC Filer, you may email the tracking sheet and the document you wish to file to: [centralrecords@puc.texas.gov](mailto:centralrecords@puc.texas.gov). For assistance with your electronic filing, please contact the Commission's Help Desk at (512) 936-7100 or [helpdesk@puc.texas.gov](mailto:helpdesk@puc.texas.gov). You can review materials filed in this docket on the PUC Interchange at: <http://interchange.puc.texas.gov/>. 11-5-21

## TEXAS DEPARTMENT OF AGRICULTURE COMMISSIONER SID MILLER

[HOME](#)[NEWS &  
EVENTS](#)[GRANTS &  
SERVICES](#)[REGULATORY  
PROGRAMS](#)[LICENSES &  
REGISTRATIONS](#)[FOOD &  
NUTRITION](#)[EDUCATION &  
TRAINING](#)

[Regulatory Programs](#) > [Pesticides](#) > [Regulated Herbicides](#) > [How a County Can Become Regulated](#)

### How a County Can Become Regulated

This document outlines procedures for county officials to follow in order for a county to become regulated, deregulated under Chapter 76 of the Texas Agriculture Code, commonly referred to as the Texas Pesticide Law and Section 7.51 commonly referred to as the Texas Pesticide Regulations.

#### Instructions for becoming a regulated or deregulated county

When county officials become aware of interest in becoming regulated or deregulated, the county must hold a hearing. A court order should be issued. Commissioners court orders to regulate or exempt a county from regulation that are issued under the year following the date of the entry of the order. The commissioners court shall publish notice of the hearing held in at least one newspaper in the county. TDA officials may be available upon request to attend the county's public hearing regarding what the county can and cannot do.

After the hearing, when the court of a newly regulated or deregulated county issues an order, the county must send the notice from the newspaper showing the date of publication directly to the Pesticide Programs Division, Texas Department of Agriculture, 12847, Austin, Texas 78711. Along with the order, should be a request from the county that TDA add the county or deregulated counties. We request that this information be sent to the Austin headquarters as soon as possible.

When an order and letter from a newly regulated or deregulated county are received, TDA will send a letter to the county. After the order is issued, TDA will file any adopted changes with the **Texas Register**. The requesting county will be provided copies of any **Texas Register** filings when published. The county should direct any questions regarding Austin.

#### Instructions for establishing special provisions

Under Section 7.51, regulated counties may establish special provisions to regulate the application of herbicides in a specific portion of the county. For example, if susceptible crops are only grown in a specific portion of the county, the county may regulate while the remainder of the county is deregulated. Examples of provisions counties may or may not establish are provided in the [Guideline for County Special Provisions](#).

When county officials become aware of interest in the adoption of special provisions for a regulated county, the county must hold a hearing to determine whether an order should be issued, and approval must also be obtained by TDA. If the county is approved, TDA may hold a public hearing upon receipt of the request. This public hearing may be held any time during the year following the date of the entry of the order. TDA will publish notice of the hearing at least 10 days before it is to be held in at least one newspaper in the county. TDA officials may be available upon request to attend the county's public hearing, to answer questions regarding what the county can and cannot do.

After the hearing, when the court issues its request for special provisions, the county must send a copy of the request to the Pesticide Programs Division, Texas Department of Agriculture, 12847, Austin, Texas 78711. Along with the request should be a letter from the county that TDA review and approve the special provisions. We request that this information be sent to the Austin headquarters as soon as possible.

When a request from a county for special provisions is received, TDA will review the request and decide on its approval. TDA will send a letter to the county acknowledging receipt and whether the request has been approved. After the approval letter is issued, TDA will file any adopted changes with the **Texas Register** as proposed changes to the county's regulations or new county regulations. Once the comment period has ended, TDA will publish the rule adoption. The requesting county will be notified and provided copies of any **Texas Register** filings when published. The county should direct any questions regarding the order to TDA headquarters in Austin.

#### Instructions for establishing emergency exemptions

The dates for application of regulated herbicides may be extended for emergency situations upon the written request from the county and approval by TDA, if it is determined that an imminent threat to agricultural interests exists in a specific portion of the county that is immediately addressed by a suspension of the department's rule a significant economic loss will result. This emergency exemption will be published in the **Texas Register** and the requesting county will be provided copies. The county should direct any questions regarding the order to TDA headquarters in Austin.

#### Guidelines for County Special Provisions

This document provides guidelines for special provisions to the Texas Pesticide Regulations.

1. **Spray Permits** - exemptions will not be allowed except during periods when susceptible vegetation is at through April 1).
2. **Recordkeeping Requirements** - records must be kept even during periods when permits may be exempt
3. **Proof of Financial Responsibility for Commercial Applicators** - no types of applications or times of the applicators from maintaining proof of financial responsibility.
4. **Prohibiting Sale of Certain Herbicides** - the law allows the commissioners court to request Special Prov authority to prohibit the sale of certain herbicides.
5. **Special Provisions Requiring TDA Personnel to Inspect Areas Prior to Treatments** - special provisions r department to inspect land prior to spray permits being issued.
6. **Regulate or Prohibit Methods of Application** - the department may consider a request to regulate or pr
7. **Prohibit Application of any Regulated Herbicide During any Period of the Year** - The department may certain regulated herbicides which may cause adverse effects to susceptible crops or vegetation during a s
8. **Exempt Portion of County from Regulations** - The department may allow a portion of the county which recognizable physical boundaries to be exempt from provisions in 76.141-76.144.
