

College Station Independent School District

Success...each life...each day...each hour

MEMORANDUM

To: Amy Drozd, CFO
From: Carmella Shafer, Director of Purchasing
Date: February 2, 2022
Subject: 2021 Bond – Teacher and Staff Computer Upgrades

As part of the district's strategic and long-range technology planning process, mobile devices for teachers and staff computer upgrades were identified as a need and included in the final plans. To assist in fulfilling this need, part of the 2021 Bond Proposal included these devices. A two phase roll out plan will be used to distribute devices throughout the district. Phase 1 includes all High Schools and Middle Schools, with the Intermediate and Elementary Schools in phase 2. Models and associated quantities were identified for phase 1 and quotes were requested.

Supplier	Description	Quote Amount
Avinext	Teacher and Staff computers	\$739,079.00
Networx, Inc.	Teacher and Staff computers	\$786,474.00

Staff from the Technology and Purchasing Departments evaluated each response, with Avinext being selected as the best value for the district.

The Avinext quote is based on DIR purchasing cooperative contract DIR-TSO-4159. Department of Information Resources (DIR) is an agency of the State of Texas that has established contracts with vendors for technology-related products and services. DIR contracts have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025.

It is the recommendation of Carmella Shafer, Director of Purchasing, and David Hutchison, Director of Technology that the district purchases the equipment from Avinext in the amount of \$739,079.00 to be paid from 2021 Bond funds.

Carmella Shafer, Director of Purchasing

David Hutchison, Director of Technology
