Further, the Commission may adopt rules to provide for the efficient administration of a promotional examination to eligible promotional candidates who are members of the armed forces serving on active military duty, which may include using only the written examination for each candidate for one hundred percent (100%) of all promotional candidates' final scores. If a written examination is offered to an active military candidate, and that candidate receives a minimum passing score, the remaining candidates shall only be required to take the written portion of the promotional process. If the active military candidate does not receive a minimum passing score, the other candidates who passed the written examination will be required to participate in the Assessment Center as required by this Article.

The Parties may convene prior to an Assessment Center process to provide input regarding the selection of a consultant to prepare and administer the Assessment Center portion of the promotional process.

At the Department Head's discretion, the Parties may convene to evaluate an Assessment Center process at its conclusion.

At the Department Head's discretion, the Parties may convene to amend the promotional process by mutual agreement with approval from the Commission.

Section 4. Written Examination

- (a) The term "written examination" in this Article means the written examination provided for under Texas Local Government Code Chapter 143 and does not mean any written part of the Assessment

Center. The promotional candidate's score on the written examination shall constitute the candidate's written score.

- (b) For a promotional candidate applying for the Apparatus Operator, Fire Lieutenant, or Deputy Fire Marshal Lieutenant classification, sixty percent (60%) of a promotional candidate's composite score will be based on the written score.
- (c) For a promotional candidate applying for the Fire Battalion Chief or Deputy Fire Marshal Battalion Chief classification, fifty percent (50%) of a promotional candidate's composite score will be based on the written score.

In such situations, ALL candidates must unanimously agree to the voluntary waiver. If so, the parties mutually agree to utilize the "**WAIVER OF RIGHT TO ASSESSMENT CENTER PROCESS**" form provided by the City. If not all candidates agree to waive the Assessment Center, then it will proceed as set forth.

Section 6. Procedure for Making Promotional Appointments

- (a) For promotional candidates applying for the Apparatus Operator, Fire Lieutenant, or Deputy Fire Marshal Lieutenant classification, the final score to be placed on the eligibility list for each candidate shall be computed by taking the candidate's written score and multiplying the written score by .60 to account for sixty percent (60%) of the candidate's composite score; by taking the candidate's Assessment Center score and multiplying that score by .40 to account for forty percent (40%) of the composite score; by adding the products together to equal the composite score; and by adding any applicable seniority points, not to exceed ten (10) seniority points, to the composite score to compute the final score (see below).

(Passing Score on Written Examination x 60%) + (Assessment Center Score x 40%) = Composite Score

Composite Score + Seniority Points (not to exceed 10 seniority points) = Final Score

- The Parties mutually agree the Seniority Points shall be calculated at their accrued value through the day that the Assessment Center exercises are completed.
- (b) For promotional candidates applying for the Fire Battalion Chief or Deputy Fire Marshal Battalion Chief classification, the final score to be placed on the eligibility list for each candidate shall be computed by taking the candidate's written score and multiplying the written score by .50 to account for fifty percent (50%) of the candidate's composite score; by taking the candidate's Assessment Center score and multiplying that score by .50 to account for fifty percent (50%) of the composite score; by adding the products together to equal the composite score; and by adding any applicable seniority points, not to exceed ten (10) seniority points, to the composite score to compute the final score (see below).

(Passing Score on Written Examination x 50%) + (Assessment Center Score x 50%) = Composite Score

Composite Score + Seniority Points (not to exceed 10 seniority points) = Final Score

- The Parties mutually agree the Seniority Points shall be calculated at their accrued value through the day that the Assessment Center exercises are completed.
- (c) For promotional candidates applying for the Assistant Chief or Fire Marshal classification, the final score to be placed on the eligibility list for each candidate shall be computed by taking the candidate's written score and multiplying the written score by .40 to account for forty percent (40%) of the candidate's composite score; by taking the candidate's Assessment Center score and multiplying that score by .60 to account for sixty percent (60%) of the composite score; by adding the products together to equal the composite score; and by adding any applicable seniority points, not to exceed ten (10) seniority points, to the composite score to compute the final score (see below).

(Passing Score on Written Examination x 40%) + (Assessment Center Score x 60%) = Composite Score

Composite Score + Seniority Points (not to exceed 10 seniority points) = Final Score

- The Parties mutually agree the Seniority Points shall be calculated at their accrued value through the day that the Assessment Center exercises are completed.

A promotional eligibility list in existence at the time of the effective date of this Agreement shall continue in effect until its exhaustion or expiration. Any promotional eligibility list created under this Article will take effect upon the exhaustion or expiration of any eligibility list in existence on the effective date of this Agreement.

Section 8. Appeal

(a) Written Examination

A promotional candidate may appeal the multiple choice written examination under Texas Local Government Code Section 143.034. The invalidation of any question or any component of the written examination shall not invalidate the remainder of the written examination.

(b) Assessment Center

A promotional candidate may not appeal or dispute the Assessment Center or scoring of the Assessment Center to an administrative or judicial body except for fraud committed by an assessor.

(c) Passover

The appeal provisions of Texas Local Government Code Section 143.036 (f) and (g) apply to a person having the highest overall score, if they are not appointed by the Department Head.

Section 9. Statutory Override

This Article supersedes the following sections of the Texas Local Government Code: Sections 143.032(a), 143.032(b), 143.032(c), and 143.032(d) to provide for an Assessment Center process as part of the promotional process and posting of the Assessment Center; Section 143.032(f) to provide for more flexibility for the timing of scoring; section 143.032(g) to provide for a consultant to administer an Assessment Center as part of the promotional process; Section 143.033(a) to provide for scoring of the Assessment Center component outside the presence of the promotional candidates; Section 143.033(c) to provide for an Assessment Center score as part of the promotional process so the score is not based solely on the written examination; Section 143.033(d) to provide for more time to compute and post the scores of the eligibility list; Section 143.034 to provide for an Assessment Center and preclude appeal except for fraud; Sections 143.036 (a), 143.036(b), and 143.036(h) to provide for the promotional process in accordance with this Article; and Section 143.037 to allow the information to be maintained in multiple records retained in the Civil Service files.

Section 10. Fire Marshal's Office

In regards to the promoted positions of Fire Marshal and Assistant Fire Marshal, initial posting requirements will require at least two (2) fully qualified candidates within the Fire Marshal's Office with a minimum of one (1) year of cleared assignment within the office. If two (2) qualified candidates do not exist to sit for an exam, then the next lower rank within the Fire Marshal's office will become eligible. If two (2) candidates are not eligible within the Fire Marshal's Office, the Civil Service Commission shall open the process to the entire Fire Department and follow the procedures relating to eligibility for promotional examinations outlined in Texas Local Government Code Section 143.030(d) until at least two (2) qualified candidates sit for the examination.

- a. Five (5) points are to be applied to any current Assistant Fire Marshal's overall score after the completion of the outline process of this article.
- b. Three (3) points are to be applied to any current Deputy Fire Marshal's overall score after the completion of the outline process of this article.

In the event of leaving the Fire Marshal's division, any assigned employees to the Fire Marshal's Office will retain their last position held in the suppression division.

The reappointment of a Firefighter is at the discretion of the Department Head and final approval by the City Manager.

A candidate for reappointment may not appeal his/her rejection.

(b) Heavy Apparatus

Engine(s): One (1) Company Officer, one (1) Apparatus Operator, two (2) Firefighters, or those eligible to step up to these ranks.

Section 2. Emergency Staffing

In an emergency daily staffing situation, the Department Head or designee will determine which apparatus will go “out-of-service.” Priority will be given to maintaining staffing for heavy apparatus, but the decision is at the discretion of the Department Head or designee. At no time shall any apparatus fall below the staffing standard described in Section 1 (above) while in service, available, and ready to be dispatched before exhausting all methods of reducing non-essential personnel: operations, eliminating scheduling conflicts, and up to the recall of personnel.

ARTICLE XVII
WELLNESS AND FITNESS INITIATIVE

The Fire Department shall develop and implement a Wellness and Fitness Initiative Program to align with, as much as fiscally feasible, the recommendations of the IAFC/IAFF Joint Labor Management Wellness Fitness Initiative. The City Manager has final approval of the program and costs of the program. The program will be a voluntary, non-punitive program; provided however, that prior to beginning the program, each employee must have taken the annual Fire Department physical examination and received a written evaluation from the appointed physician. The program shall include a baseline fitness evaluation, individual fitness and training goals, follow-up fitness re-evaluations as needed, educational in-service training and written materials on wellness topics, and quarterly and annual group and individual achievement awards.

The Fire Department will establish an adequate number of peer fitness trainers to provide reasonable access to participants.

ARTICLE XVIII
HEALTH AND SAFETY COMMITTEE

The Fire Department shall establish an internal Health and Safety Committee to which the Department Head will appoint seven (7) members with at least four (4) being members from the Association. The Health and Safety Committee shall meet at least quarterly and make recommendations to reduce and eliminate the most frequent and costly occupational injuries, and to study and review matters relating to health and safety equipment. Committee recommendations shall be furnished in writing to the Department Head and the Association. Such recommendations may provide the basis for improved safety practices, procedures, and equipment.

To enhance health and safety initiatives and to diminish hazardous or unsafe work conditions, the Committee may:

- Periodically inspect Fire Department facilities and apparatus, protective equipment, protective clothing, and work methods and conditions, including training procedures.
- Recommend and develop a systematic medical testing program for potential work-related illnesses and/or disabilities.

ARTICLE XIX GRIEVANCES

Section 1. Grievances

A grievance is defined as any dispute, claim, or complaint involving the interpretation, application, or alleged violation of any provision of this Agreement. The Association or any dues-paying Association member (i.e., Firefighter) may file a grievance under the terms of this agreement.

Each grievance shall be submitted on a form provided by the City and must include:

1. A brief statement of the grievance and the facts of events on which it is based;
2. The sections(s) of the Agreement alleged to have been violated;
3. The remedy or adjustment sought;
4. Steps taken by the grievant to resolve the issue;
5. For maintenance of standards or past practice grievances, the specific right or practice for the basis of the complaint; and
6. The Firefighter's signature or if filed by the Association, the signature of the Association's Grievance Committee Chair or Association President.

Section 2. Relief through the Chain of Command

A Firefighter who files a grievance based on this Agreement will have first made a reasonable effort to resolve the matter through the appropriate chain of command via telephone, email, or in-person meetings.

In the event the matter is not resolved through the chain of command within ten (10) business days, the Firefighter may submit a grievance to the Association's Grievance Committee or to the Department Head.

Section 3. Time Limits

The parties shall act diligently and exercise good faith to adhere to the time limits set forth in this Article, unless such time limits are waived or extended by mutual agreement between the grieving party and the City Manager or designee. In the event the employee or Association fails to meet the time limit at any step of the grievance procedure, the grievance shall be considered satisfied and no further action taken. Failure by the City to meet the time limits at any step shall be considered a denial of the grievance, which will allow the Association or Firefighter, at their option, to proceed to the next step. Time limits begin upon the date a party receives a formal grievance. Grievances sent via U.S. Postal Service are based on the USPS envelope date stamp. Similarly, a facsimile transmission or email submittal is based on the date printed by the facsimile transmission device or email. For the delivery of a grievance not hand-delivered, the receiving party must provide written confirmation to the other party. Where a deadline falls on a Saturday, Sunday, or legal holiday, the deadline is extended to the next day that is not a Saturday, Sunday, or legal holiday.

Section 4. Procedure

Step 1

A Firefighter who is aggrieved must file a grievance with the Association's Grievance Committee within thirty (30) calendar days of the date the Firefighter knew of or should have known of the facts or events given rise to the grievance. The Association's Grievance Committee shall forward a copy of the notice of receipt of the grievance to the Department Head within three (3) calendar days of receipt of the grievance. The Grievance Committee shall, within fifteen (15) calendar days of receipt of the grievance, determine if a grievance exists. If the grievance is denied by the Committee, a member of the Committee shall notify the grievant within five (5) calendar days of the day of the denial. The grieving party may appeal in writing

to the Executive Board of the Association within (5) calendar days of notification of the denied grievance. The Executive Board shall have five (5) calendar days to make the final determination of the grievance. If the Association determines a grievance does not exist, the Grievance Committee Chair shall notify in writing the Department Head or designee that no further action is necessary. If the Association determines a grievance is valid, the Association shall process the grievance on behalf of the Firefighter(s) per Step 2.

Step 2

Any grievance found to be valid by the Association shall be submitted to the Department Head or designee by hand-delivery and in writing within ten (10) calendars of the Step 1 ruling. After receipt of the grievance, the Department Head or designee shall, within fifteen (15) calendar days of receipt of the grievance, submit a response in writing to the Association President.

Step 3

If the grievance is not resolved at Step 2, the Association shall have ten (10) business days from receipt of the Department Head's decision to submit the matter to the Human Resources Director, City Manager, or City Attorney, where the City Manager shall render a written decision within ten (10) business days after the receipt of the grievance.

Step 4

If the grievance is not resolved at Step 3, the Association shall have ten (10) business days from receipt of the City Manager's decision to request this matter be brought to arbitration. The City Manager shall have fifteen (15) business days to approve or deny the requested arbitration. If the City Manager denies the grievance and does not agree to the next step of the grievance process, the Association can use the process outlined in TLGC 142.114 (c).

Step 5

If both the City, through the City Manager's sole discretion, and the Association agree to arbitration, the parties may, within ten (10) business days of such request, mutually agree to an arbitrator.

If the parties are unable to agree to an arbitrator, the City's Human Resources Director shall, within five (5) business days, jointly request a list of seven (7) arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service. Within ten (10) business days following receipt of the list of arbitrators, the parties shall select an arbitrator by each party in turn striking one name from the list, with the grieving party striking first, until only one (1) name remains. The remaining individual on the list shall serve as the arbitrator. The selected arbitrator shall be promptly notified. In coordination with the arbitrator, the parties shall select a time, place, and date for the grievance arbitration hearing.

- a. After the conclusion of the hearing, the arbitrator shall issue to both parties a written opinion.
- b. With respect to the application, interpretation, and enforcement of the provisions of this Agreement, the decision of the arbitrator shall be final and binding on the parties of this Agreement.
- c. The arbitrator's authority shall be limited to the interpretation and application of the terms of this Agreement or as amended by the parties. The arbitrator shall have no jurisdiction or authority to modify or to establish new provisions to the Agreement, or to arbitrate away, in whole or in part, the Agreement's articles or amendments.
- d. The cost of the impartial arbitrator shall be borne by the losing party. In the event a decision is inconclusive as determined by the arbitrator, then costs shall be borne equally by each party.
- e. If a transcript of the proceedings is requested, then the party so requesting shall pay for such transcript, unless otherwise agreed to by the parties.
- f. Each party shall be responsible for the attendance costs of its witness(es) at the grievance hearing.

Section 5. Election of Remedies

It is specifically and expressly understood that an arbitrator's decision in Section 4 above is a binding decision. An appeal of an arbitrator's decision, based on this Article, shall be strictly and solely limited to the grounds the arbitrator exceeded his/her authority and jurisdiction as provided under this Agreement, the decision of the arbitrator was procured by fraud or collusion, or the arbitrator's decision is based upon a clear and manifest error of law. A notice of appeal must be filed with the district court within thirty (30) calendar days from the date of the arbitrator's decision. The appealing party has the burden to prove the ground(s) upon which the appeal is based.
