Summary:

A decision package for the purchase of a mobile stage was approved as part of the Fiscal Year 2023 Budget. After researching mobile stage equipment and vendors as well as reviewing the mobile stage purchased by City of College Station, Century Industries was selected. The Century Industries product is a high-quality commercial level stage that provides easy set up and break down and can be moved with a City truck.

The mobile stage is intended to be utilized at special events, concerts, tournaments, parades, festivals, groundbreakings, and grand openings at Travis Bryan Midtown Park, Downtown Bryan, other parks, City facilities, and various locations as needed.

The recommended stage is a Century Industries Front Row 4524 Mobile Concert Stage, which is 24'x24' and includes standard features of a self-contained hydraulic system, a powered roof canopy, powered stage deck, tandem-axle suspension, a rugged main frame, a breaker panel, LED interior lights, stairs, and DOT required items. Additional requested upgrades include speaker weather covers, an 8000 watt generator, a hydraulic leveling upgrade, a wheelchair lift, a mounted spare tire, exterior work lights, an electrical panel upgrade, a 220v/200amp panel box, a LED light package, a sound system package, exterior graphics, banners and poles, a stage skirt, additional stairs, an equipment loading ramp, and a storage locker box.

Century Industries is a member of the HGAC purchasing cooperative, which means the stage meets the State's purchasing requirements as established by State statute.

Staff Analysis and Recommendation:

After reviewing stages purchased and used by other municipalities, City staff recommends the City Council approve the purchase of the Century Industries mobile stage in an amount not to exceed \$219,011. The stage will fill a long-time need for a flexible stage to be used in many different ways.

The approved FY2023 Decision Package was for \$185,000, which means the Parks and Recreation Department budget must address the approximate \$34,000 shortage.

Options:

1. Approve purchase of the mobile stage from Century Industries for an amount not to exceed \$219,011.
2. Do not approve purchase of mobile stage from Century Industries and provide staff with direction.
