Dr. Tracy Hammond
Speaker, Texas A&M University Faculty Senate
Faculty Senate Office | YMCA Building, Rm. 205

College Station, TX 778423-1225

Dear Speaker Hammond,

I am in receipt of your letter suggesting that the faculty senate do an assessment of whether or not they believe Interim President Welsh should become the permanent president of Texas A&M University. Certainly, the Board of Regents and I would greatly value your assessment and opinions on this subject. We need to move forward to obtain a permanent president as soon as possible, and shared governance and opinions are an integral part of that decision. I believe the Faculty Senate could perform a great service to our university by vetting General Welsh thoroughly and transparently within Texas A&M University.

To that end, we look forward to you and the faculty senate assessing the opinion of the Texas A&M University community on this issue.

Sincerely,

John Sharp
Chancellor
