

College Station Independent School District

Success...each life...each day...each hour

MEMORANDUM

To: Dr. Tim Harkrider, Superintendent *TH*

From: Cari Horn, Clerk to the Board of Trustees *CHorn*

Date: February 20, 2024

Subject: Accountability Resolution

Agenda Item: I-3

BACKGROUND

At today's TASA Executive Committee meeting I shared that in the TEA Appeal to the court of the Accountability lawsuit, Commissioner Morath's message is that only 10% of districts joined the lawsuit and oppose the Accountability System. (Note that he is NOT saying that 10% represents 121 school districts and 1.9 million children.) We know that many more school districts support the purpose of the lawsuit but were unable to join the lawsuit due to financial or political or other reasons. In an effort for us to convey that there is significantly more than 10% of districts who oppose the abrupt, unfair, and unlawful changes to the Accountability System.
