

AGENDA ITEM BRIEFING

Submitted by: Billy Hamilton, Deputy Chancellor and Chief Financial Officer
The Texas A&M University System

Subject: Approval of System Capital Plan for FY 2025 – FY 2029

Proposed Board Action:

Approve the System Capital Plan for FY 2025 – FY 2029.

Background Information:

Members of The Texas A&M University System each prepare a five-year capital plan as part of the overall planning process. These plans are then compiled into a system capital plan. The system capital plan includes all Revenue Financing System (RFS) and Permanent University Fund (PUF) financed projects, repair/renovation projects costing \$4 million or more, new construction/addition projects costing \$4 million or more, and real property acquisitions costing more than \$1 million. Both the CEO and CFO of each system member have certified the information included in the system member's capital plan including the adequacy of the debt repayment revenue resources.

Per System Policy *51.01 Capital Planning*, the five-year capital plan for The Texas A&M University System is being presented to the Board of Regents for approval.

The \$5.1 billion system capital plan includes \$3.8 billion of previously approved projects that are either in design or construction. After cumulative expenditures of \$618.6 million through December 2023, the remaining balance to be expended on approved projects is \$3.2 billion. The system capital plan also includes \$1.3 billion in proposed future projects including \$449.5 million of RFS debt projects, \$212.2 million of PUF debt projects, and \$617.2 million of projects to be funded by cash sources including the Available University Fund (AUF), Higher Education Fund (HEF), interest income, federal grants, designated tuition, gifts, student fees, auxiliary enterprise funds, general revenue, and other local funds.

Prior to inclusion on the capital plan for FY 2025, projects have completed the preparation of the Program of Requirements (unless otherwise noted on the plan). Board approval of the system capital plan for FY 2025 – FY 2029 will constitute approval for initiation of the proposed projects indicated to start in FY 2025 along with approval of the identified funding sources and will authorize the appropriation of up to 10 percent of the planning amounts indicated for the FY 2025 projects for pre-construction activities. Pre-construction activities include work of the Architect/Engineer Design Team, design assistance from a Design-Build Contractor or Construction Manager at Risk, environmental surveys, site surveys, building and site demolition work, and any other activities required to design the project. In addition, approval will authorize the completion of FY 2025 minor construction, rehabilitation/renovation, and equipment/software procurement projects including the appropriation of PUF and RFS debt proceeds where indicated.

FY 2025 proposed projects total \$612.0 million and include \$127.8 million of RFS debt projects, \$198.0 million of PUF debt projects, and \$286.2 million of projects to be funded by cash sources

Agenda Item No. 3.1
Agenda Item Briefing

including AUF, HEF, interest income, federal grants, designated tuition, gifts, student fees, auxiliary enterprise funds, general revenue, and other local funds.

The initiated projects will be presented to the board for approval of construction when a scope and budget are more defined, prior to any construction contract award.

A&M System Funding or Other Financial Implications:

The board's approval of the system capital plan for FY 2025 – FY 2029 will authorize the appropriation of up to 10 percent of the planning amounts for FY 2025 proposed projects for pre-construction activities. As presented, requested appropriations for proposed FY 2025 projects would total up to \$61.2 million. In addition, the board's approval authorizes appropriation of PUF and RFS funds for the completion of FY 2025 minor construction, rehabilitation/renovation, equipment/software procurement, and other projects to be administered by the institutions or System Facilities Planning and Construction.

Authorization is requested to allow FY 2025 projects to proceed immediately upon the board's approval of the capital plan in May 2024 if all applicable Program of Requirements (POR), funding, and Legislative requirements are met.

Strategic Plan Imperative(s) this Item Advances:

This item advances Strategic Plan Imperative 6, which provides that "The A&M System, in adhering to the high standard of excellence and growth required in this strategic plan, will display prudent financial stewardship and sustainability."

THE TEXAS A&M UNIVERSITY SYSTEM
FACILITIES PLANNING AND CONSTRUCTION
Office of the Deputy Chancellor and Chief Financial Officer
March 29, 2024

Members, Board of Regents
The Texas A&M University System

Subject: Approval of System Capital Plan for FY 2025 – FY 2029

I recommend adoption of the following minute order:

“The system capital plan for FY 2025 – FY 2029, as shown in the attached exhibit is approved and authorization to appropriate up to 10 percent of the planning amount indicated for all FY 2025 proposed projects is granted.

In addition, the appropriation of PUF and RFS funding is approved for FY 2025 minor construction, rehabilitation/renovation, and equipment/software procurement projects administered by the institutions or System Facilities Planning and Construction.

Proposed FY 2025 projects are authorized to proceed immediately if all applicable POR, funding, and Legislative requirements are met.

The Board of Regents of The Texas A&M University System (board) reasonably expects to incur debt in one or more obligations for these projects, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

To the extent that the system capital plan identifies projects for financing through the issuance of parity obligations secured by and payable from revenues of the Revenue Financing System, and as required by Section 5(a) of the Master Resolution of the Revenue Financing System, the board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient pledged revenues to satisfy the annual debt service requirements of the Revenue Financing System and to meet all financial obligations of the board relating to the Revenue Financing System and that the participants, on whose behalf the parity obligations are issued, possess the financial capacity to satisfy their direct obligations after taking into account such proposed additional Revenue

Agenda Item No. 3.1

EXECUTIVE SUMMARY

Members of The Texas A&M University System each prepare a five-year capital plan as part of the overall planning process. These plans are then compiled into a System Capital Plan. Both the CEO and CFO of each system member certify the information included in the system member's capital plan including the adequacy of the debt repayment revenue sources.

The \$5.1 billion System Capital Plan includes \$3.8 billion of previously approved projects that are either in design or under construction and \$1.3 billion in proposed future projects. After cumulative expenditures through December 2023 of \$618.6 million, the remaining balance to be expended on approved projects is \$3.2 billion. Included in the proposed future projects are \$449.5 million of Revenue Financing System debt projects, \$212.2 million of Permanent University Fund debt projects, and \$617.2 million of projects to be funded by cash sources including the Available University Fund (AUF), Higher Education Fund (HEF), interest income, federal grants, designated tuition, gifts, student fees, auxiliary enterprise funds, general revenue, and other local funds.

Fiscal year 2025 proposed projects total \$612.0 million and include \$127.8 million of RFS debt projects, \$198.0 million of PUF debt projects, and \$286.2 million of projects to be funded by cash sources including AUF, HEF, interest income, federal grants, designated tuition, gifts, student fees, auxiliary enterprise funds, general revenue, and other local funds.
