# What is the Attendance Incentive Plan?

---

Based on year over year campus ADA improvement

---

Incentives are awarded per campus and per semester

---

First Semester – based on “Campus” Multiplier tied to ADA improvement

---

Second Semester has an additional “District” Multiplier

---

Incentives require an overall increase in the District’s ADA percentage

# How Does the ADA Incentive Plan Benefit Students?

Semester 1: campus with 1,000 students in attendance that increases their ADA percentage by .9% while the District increases its ADA percentage by .50% could receive as much as \$5,000

Semester 2: campus with 1,000 students in attendance that increases their ADA percentage by .9% while the District increases its ADA percentage by .9%

Semester 1  $1,000 \times \$5 \times 5 = \$25,000$

Yearly Total  $\$5,000 + \$25,000 = \$30,000$
