NOTES/EXCEPTIONS:	This contract is requested by Human Resources. The departments that utilize temporary employment services most often are the Exposition Complex and the Elections Department, along with other departments as the need arises. This contract provides a pre-approved vendor for sourcing temporary workers, both professional and non-professional, to meet County staffing needs. Services are billed as a percentage markup on hourly wages and are budgeted for within individual departmental personnel or contingency funds, as applicable. Without a renewed agreement in place, departments would lose access to pre-approved temporary staffing, leading to potential disruptions in County operations. A new bid solicitation would also be required, which could delay access to temporary staffing. The current contract expires August 31, 2025. This is the second of three available renewals.
