Consultant expressly agrees that such times are as expeditious as is prudent considering the ordinary professional skill and care of a competent engineer or architect. - (b) Preliminary Design: 28 **calendar days** after authorization to commence PPD.
- (c) Final Design: 42 **calendar days** after authorization to commence final design.

3.02 All design work and other professional services provided under this Contract must be completed by the following date(s):

July 2027

3.03 Time is of the essence of this Contract. The Consultant shall be prepared to provide the professional services in the most expedient and efficient manner possible and with adequate resources and manpower in order to complete the work by the times specified. Promptly after the execution of this Contract, the Consultant shall prepare and submit for the City to approve in writing, a detailed schedule for the performance of the Consultant's services to meet the City's project milestone dates, which are included in this Contract. The amounts to be charged are agreed to be damages the City would sustain and shall be deducted by the City from current amounts owed to Consultant for payment or from final payment.
- (2) As a result of the difficulty in estimation, calculation and ascertainment of City's damages due to a failure of Consultant to achieve timely completion of the Work, if the Consultant should neglect, or fail, or refuse to complete the

Work within the times specified in the Consultant's scope of services and schedule, or any proper extension thereof granted by the City's Representative pursuant to this Agreement, then the Consultant does hereby agree as part of the consideration for the awarding of this Agreement that the City may permanently withhold from the Consultant's total compensation the sum of **TWO HUNDRED FIFTY and 00/100 DOLLARS (\$250.00)** for each and every calendar day that the Consultant shall be in default after the time(s) stipulated completion of the task(s) in question, not as a penalty, but as liquidated damages for the breach of this Agreement. The Consultant shall submit to the City a detailed estimate of the construction costs of the Project, based on current area, volume, or other unit costs. This estimate shall also indicate both the cost of each category of work involved in constructing the Project and the time required for construction of the Project from commencement to final completion.

5.03 Upon completion of the Preliminary Design of the Project, the Consultant shall so notify the City. Upon request the Consultant shall meet with the City staff and City Council to make a presentation of its Preliminary Design of the Project. 7.03 Where substitutions are requested by a construction contractor, the Consultant shall review the substitution requested and shall recommend approval or disapproval of such substitutions.

ARTICLE VIII CONSTRUCTION

8.01 The Consultant shall be a representative of, and shall advise and consult with, the City (1) during construction, and (2) at the City's direction from time to time during the correction, or warranty, period described in the construction contract. The Consultant's review and approval shall include a determination of whether the work complies with all applicable laws, statutes, ordinances and codes and a determination of whether the work, when completed, will be in compliance with the requirements of the contract documents.

8.05 The Consultant shall determine the acceptability of substitute materials and equipment that may be proposed by construction contractors or subcontractors. The Consultant shall also receive and review maintenance and operating instruction manuals, schedules, guarantees, and certificates of inspection, which are to be assembled by the construction contractor in accordance with the contract documents.

8.06 The Consultant shall issue all instructions of the City to the construction contractor as well as interpretations and clarifications of the contract documents pertaining to the performance of the work. Consultant shall interpret the contract documents and judge the performance thereunder by the contractor constructing the Project, and Consultant shall, within a reasonable time, render such interpretations and clarifications as it may deem necessary for the proper execution and progress of the work. Consultant shall receive no additional compensation for providing clarification of the drawings and specifications.

8.07 The Consultant shall review the amounts owing to the construction contractor and recommend to the City, in writing, payments to the construction contractor of such amounts. The Consultant's recommendation of payment, being based upon the Consultant's on-site inspections and its experience and qualifications as a design professional, shall constitute a recommendation by the Consultant to the City that the quality of such work is in accordance with the contract documents and that the work has progressed to the point reflected in Consultant's recommendation for payment.

8.08 Upon notification from the construction contractor that the Project is substantially complete, the Consultant shall conduct an inspection of the site to determine if the Project is substantially complete. This provision shall not alter the Consultant's duties to the City arising from the performance of the Consultant's obligations under this Contract.

8.10 The Consultant shall conduct at least one on-site inspection during the warranty period and shall report to the City as to the continued acceptability of the work.

9.04 Any request by the Consultant for an increase in the Scope of Services and an increase in the amount listed in paragraph two of this Contract shall be made and approved by the City prior to the Consultant providing such services or the right to payment for such additional services shall be waived. If there is a dispute between the Consultant and the City respecting any service provided or to be provided hereunder by the Consultant, including a dispute as to whether such service is additional to the Scope of Services included in this Contract, the

Consultant agrees to continue providing on a timely basis all services to be provided by the Consultant hereunder, including any service as to which there is a dispute.

9.05 The Consultant shall furnish the City with both electronic (PDF) and CAD file sets of all plans and specifications. Approval of the City shall not constitute, or be deemed, a release of the responsibility and liability of the Consultant, its employees, agents, or associates for the exercise of skill and diligence to promote the accuracy and competency of their Work Product or any other document, nor shall the City's approval be deemed to be the assumption of responsibility by the City for any defect or error in the aforesaid documents prepared by the Consultant, its employees, associates, agents, or subcontractors.

10.02 The Consultant shall promptly correct any defective Work Product, including designs or specifications, furnished by the Consultant at no cost to the City. The City's approval, acceptance, use of, or payment for, all or any part of the Consultant's services hereunder or of the Project itself shall in no way alter the Consultant's obligations or the City's rights hereunder.

10.03 In all activities or services performed hereunder, the Consultant is an independent contractor and not an agent or employee of the City. The Consultant and its employees are not the agents, servants, or employees of the City. As an independent contractor, the Consultant shall be responsible for the professional services and the final Work Product contemplated under this Contract. Except for materials furnished by the City, the Consultant shall supply all materials, equipment, and labor required for the professional services to be provided under this Contract. IF THE CLAIMS, ETC. ARE CAUSED IN PART BY CONSULTANT PARTIES, AND ALSO IN PART BY THE NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY OR ALL OF THE INDEMNITEES OR ANY OTHER THIRD PARTY, THEN CONSULTANT SHALL ONLY INDEMNIFY ON A COMPARATIVE BASIS, AND ONLY FOR THE AMOUNT FOR WHICH CONSULTANT PARTIES ARE FOUND LIABLE AND NOT FOR ANY AMOUNT FOR WHICH ANY OR ALL INDEMNITEES OR OTHER THIRD PARTIES ARE LIABLE.**

Both the City and the Consultant expressly intend that this release shall apply regardless of whether said claims, demands, and causes of action are covered, in whole or in part, by insurance and in the event of injury, sickness, death, loss, or damage suffered by the Consultant or its employees, but not otherwise, this release shall apply regardless of whether such loss, damage, injury, or death was caused in whole or in part by the City, any other party released hereunder, the Consultant, or any third party. There shall be no additional release or hold harmless provision other than as set forth in this section. All other provisions regarding the same subject matter shall be declared void and of no effect.

10.07 It is agreed with respect to any legal limitations now or hereafter in effect and affecting the validity or enforceability of the indemnification, release or other obligations under Paragraphs 10.05 and 10.06, such legal limitations are made a part of the obligations and shall operate to amend same to the minimum extent necessary to bring the provision(s) into conformity with the requirements of such limitations, and as so modified, the obligations set forth therein shall continue in full force and effect.

Certificate of coverage ("certificate") - A copy of a certificate of insurance, a certificate of authority to self-insure issued by the Division of Workers Compensation, or a coverage agreement (DWC-81, DWC-83, or DWC-84), showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

Duration of the project - includes the time from the beginning of the work on the project until the Contractor's/person's work on the project has been completed and accepted by the governmental entity.

Persons providing services on the project ("subcontractors" in § 406.096 [of the Texas Labor Code]) - includes all persons or entities performing all or part of the services the Contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the Contractor and regardless of whether that person has employees. This includes, without limitation, independent Contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

- ii. The Contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, that meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the Contractor providing services on the project, for the duration of the project.

- v. The Contractor shall obtain from each person providing services on a project, and provide to the governmental entity:
 - 1. a certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and
 - 2. no later than seven calendar days after receipt by the Contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends

during the duration of the project.

- vi. The Contractor shall retain all required certificates of coverage for the duration of the project and for one year thereafter.
- vii. The Contractor shall notify the governmental entity in writing by certified mail or personal delivery, within 10 calendar days after the Contractor knew or should have known, or any change that materially affects the provision of coverage of any person providing services on the project.
- viii. The Contractor shall post on each project site a notice, in the text, form and manner prescribed by the Division of Workers Compensation, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.
- ix. The Contractor shall contractually require each person with whom it contracts to provide services on a project, to:
 - 1. provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, that meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

 - 3. provide the Contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;
 - 4. obtain from each other person with whom it contracts, and provide to the Contractor:
 - A. a certificate of coverage, prior to the other person beginning work on the project; and
 - B. a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;
 - 5. retain all required certificates of coverage on file for the duration of the project and for one year thereafter;
 - 6. notify the governmental entity in writing by certified mail or personal delivery, within 10 calendar days after the person knew or should have known, of any change that materially affects the

provision of coverage of any person providing services on the project; and

7. Contractually require each person with whom it contracts, to perform as required by paragraphs (a) - (g), with the certificates of coverage to be provided to the person for whom they are providing services.
- x. By signing this contract, or providing, or causing to be provided a certificate of coverage, the Contractor is representing to the governmental entity that all employees of the Contractor who will provide services on the project will be covered by workers' compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the Commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the Contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.
- xi. The Contractor's failure to comply with any of these provisions is a breach of contract by the Contractor that entitles the governmental entity to declare the contract void if the Contractor does not remedy the breach within ten calendar days after receipt of notice of breach from the governmental entity."

11.01 Professional Liability Requirements. The following Professional Liability requirements shall apply:

- (a) Coverage shall be written by a carrier rated "A:VIII" or better in accordance with the current A.M. Best Key Rating Guide.

Coverage under any renewal policy form shall include a retroactive date that precedes the earlier of the effective date of this Contract or the first performance of services for the Project. The purchase of an extended discovery period or an extended reporting period on this policy will not be sufficient to comply with the obligations hereunder.
- (d) Retroactive date must be shown on certificate.

ARTICLE XII

USE OF DRAWINGS, SPECIFICATIONS AND OTHER DOCUMENTS

12.01 Any and all drawings, specifications and other documents prepared, furnished, or both prepared and furnished by Consultant or any Subconsultant or other designer contracted under Consultant pursuant to this Contract (including, without limitation, the Construction Documents)

("Work Product"), shall be the exclusive property of the City, whether the Project is completed or not. Upon completion or termination of this Contract, Consultant shall promptly deliver to the City all records, notes, data, memoranda, models, and equipment of any nature that are within Consultant's possession or control and that are the City's property or relate to the City or its business. The City shall be furnished and permitted to retain reproducible copies and electronic versions of Consultant's Work Product and related documents and information relating to the Project.

12.02 Consultant warrants to City that (i) Consultant has the full power and authority to enter into this Contract, (ii) Consultant has not previously assigned, transferred or otherwise encumbered the rights conveyed herein, (iii) Work Product is an original work of authorship created by Consultant's employees during the course of their employment by Consultant, and does not infringe on any copyright, patent, trademark, trade secret, contractual right, or any other proprietary right of any person or entity, (iv) Consultant has not published the Work Product (including any derivative works) or any portion thereof outside of the United States, and (v) to the best of the Consultant's knowledge, no other person or entity, except City, has any claim of any right, title, or interest in or to the Work Product.

12.03 Consultant shall not seek to invalidate, attack, or otherwise do anything either by act of omission or commission which might impair, violate, or infringe the title and rights assigned to City by Consultant in this Article 12 of the Contract.

12.04 The documents prepared by Consultant may be used as a prototype for other facilities by the City. The City may elect to use the Consultant to perform the site adaptation and other architectural or engineering services involved in reuse of the prototype. If so, the Consultant is obligated to perform the work for an additional compensation that will fairly compensate the Consultant and its sub-consultants only for the additional work involved. It is reasonable to expect that the fair additional compensation will be significantly less than the fee provided for under this Contract. If the City elects to employ a different architect or engineer to perform the site adaptation and other architectural or engineering services involved in reuse of the prototype, that architect or engineer will be entitled to use Consultant's sub-consultants on the same basis that Consultant would have been entitled to use them for the work on the reuse of the prototype, and such architect or engineer will be entitled, to the extent allowed by law, to duplicate the design and review and refer to the construction documents, approved shop drawings and calculations, and change order drawings in performing its work. The Consultant will not be responsible for errors and omissions of a subsequent architect or engineer. The Consultant shall commit its subconsultants to the terms of this subparagraph. The provisions of this section shall survive termination of this Contract.

12.05 In the event of termination of this Contract for any reason, the City shall receive all Work Product and original documents prepared to the date of termination and shall have the right to use those documents and any reproductions in any way necessary to complete the Project.

12.06 Only the details of the drawings relating to this Project may be used by the Consultant on other projects, but they shall not be used as a whole without written authorization by the City. The City-furnished forms, conditions, and other written documents shall not be used on other projects by the Consultant.

ARTICLE XIII TERMINATION

13.01 The City may terminate this Contract at any time upon **thirty (30)** calendar days written notice. Upon the Consultant's receipt of such notice, the Consultant shall cease work immediately. The Consultant shall be compensated for the services satisfactorily performed prior to the termination date.

13.02 If, through any cause, the Consultant fails to fulfill its obligations under this Contract, or if the Consultant violates any of the agreements of this Contract, the City has the right to terminate this Contract by giving the Consultant **five (5)** calendar days written notice. The Consultant will be compensated for the services satisfactorily performed prior to the termination date.

13.03 No term or provision of this Contract shall be construed to relieve the Consultant of liability to the City for damages sustained by the City because of any breach of contract and/or negligence by the Consultant. The City may withhold payments to the Consultant for the purpose of setoff until the exact amount of damages due the City from the Consultant is determined and paid.

ARTICLE XIV MISCELLANEOUS TERMS

14.01 This Contract has been made under and shall be governed by the laws of the State of Texas. The parties agree that performance and all matters related thereto shall be in Brazos County, Texas.

14.02 Notices shall be mailed to the addresses designated herein or as may be designated in writing by the parties from time to time and shall be deemed received when sent postage prepaid U.S. Mail to the following addresses:

14.03 Fraud Reporting. To reduce the risk of fraud and to protect the Contractor's financial information from fraud, the Contractor must report to the City in writing at VendorInvoiceEntry@cstx.gov if the Contractor reasonably suspects or knows if any of their financial information has been subject to fraudulent activity or suspected fraudulent activity.

14.03 No action or failure to act by the City shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach there under, except as may be specifically agreed in writing. No waiver of any provision of the Contract shall be of any force or effect, unless such waiver is in writing, expressly stating to be a waiver of a specified provision of the Contract and is signed by the party to be bound thereby. In addition, no waiver by either party hereto of any term or condition of this Contract shall be deemed or construed to be a waiver of any other term or condition or subsequent waiver of the same term or condition and shall not in any way limit or waive that party's right thereafter to enforce or compel strict compliance with the Contract or any portion or provision or right under the Contract.

The parties understand this section comprises part of this Contract without necessity of additional consideration.

14.08 The Consultant, its agents, employees, and subconsultants must comply with all applicable federal and state laws, the charter and ordinances of the City of College Station, and with all applicable rules and regulations promulgated by local, state, and national boards, bureaus, and agencies. The Consultant must obtain all necessary permits and licenses required in completing the services required by this Contract.

14.09 The parties acknowledge that they have read, understood, and intend to be bound by the terms and conditions of this Contract. If there is a conflict between a provision in any documents provided by Consultant made a part of this Contract and any other provision in this Contract, the

latter controls.

14.10 This Contract goes into effect when duly approved by all the parties hereto.

14.11 Notice of Indemnification. City and Consultant hereby acknowledge and agree that this Contract contains certain indemnification obligations and covenants.

14.12 Verification No Boycott of Israel. To the extent this Contract is considered a contract for goods or services subject to §2270.002 Texas Government Code, Consultant verifies that it (i) does not boycott Israel and (ii) will not boycott Israel during the term of this Contract.

A delay in or failure of performance of either Party shall not constitute a default hereunder nor be the basis for, or give rise to, any claim for damages, if and to the extent such delay or failure is caused by force majeure.

PROPOSAL

PROJECT: NEW WAYFINDING SIGNAGE FOR THE CITY OF COLLEGE STATION'S
VETERANS PARK AND ATHLETIC COMPLEX

Date: Tuesday, February 10, 2026

The Arkitex Studio, Inc. is pleased to offer this proposal for Architectural & Engineering services for this project. Based on our observations and previous conversations, the following information is provided for your review:

Owner

Parks and Recreation Department
City of College Station
1000 Krenak Tap Road
College Station, TX 77840

Architect

The Arkitex Studio, Inc
308 North Bryan Avenue
Bryan, Texas 77803

Project Description

The City of College Station will be upgrading the wayfinding signage at Veterans Park and Athletic Complex based on the 2025 Masterplan; attached for reference. This will include up to eleven (11) new roundabout signs, eleven (11) parking lot markers, eighteen (18) field marker signs, nine (9) field map signs, and thirteen (13) field marker signs on existing light poles based on the designs shown on pages 4, 6, 7, and 8 of the referenced masterplan document. It is noted that the City has requested one round of redesign of the graphics and language at the roundabout signs from the masterplan document. This work is included in this scope.

Landscape and irrigation design will be included at the roundabout signs, but no others.

Scope of Services

The Architect shall provide Architectural, Landscape Architecture, and Structural services, including Construction Documents, Bidding/Negotiation, Permit, and Construction Administration Services. Specifications will be provided to accompany the construction drawings for use in defining the nature and quality of materials. One interim progress set will be provided for Owner review and approval prior to issuing the final sealed set. Written approval of the work will be required prior to proceeding to the next phase.

This proposal assumes a six (6) month construction schedule with bi-weekly site meetings for a total of twelve (12) site visits by The Arkitex Studio, four (4) site visits by Coleman & Associates, and two (2) visits from Dudley Engineering.

The design work requires knowledge of the particular conditions of the selected site. This information will be included in a geotechnical investigation/report. The Arkitex Studio has solicited proposals for this work and included it as a line-item in this proposal. It was determined that a survey will not be required for the scope of this project and that the signs will be staked out in field for final placement approval during construction.

Terms and Conditions

Contract

Architectural/Engineering services will be provided in accordance with the City of College Station's Architects & Engineering Professional Services Contract.
